

INTELLI 2016

Foreword

The Fifth International Conference on Intelligent Systems and Applications (INTELLI 2016), held between November 13-17, 2016 - Barcelona, Spain, was an inaugural event on advances towards fundamental, as well as practical and experimental aspects of intelligent and applications.

The information surrounding us is not only overwhelming but also subject to limitations of systems and applications, including specialized devices. The diversity of systems and the spectrum of situations make it almost impossible for an end-user to handle the complexity of the challenges. Embedding intelligence in systems and applications seems to be a reasonable way to move some complex tasks from user duty. However, this approach requires fundamental changes in designing the systems and applications, in designing their interfaces and requires using specific cognitive and collaborative mechanisms. Intelligence became a key paradigm and its specific use takes various forms according to the technology or the domain a system or an application belongs to.

We take here the opportunity to warmly thank all the members of the INTELLI 2016 Technical Program Committee, as well as the numerous reviewers. The creation of such a high quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and efforts to contribute to INTELLI 2016. We truly believe that, thanks to all these efforts, the final conference program consisted of top quality contributions.

Also, this event could not have been a reality without the support of many individuals, organizations, and sponsors. We are grateful to the members of the INTELLI 2016 organizing committee for their help in handling the logistics and for their work to make this professional meeting a success.

We hope that INTELLI 2016 was a successful international forum for the exchange of ideas and results between academia and industry and for the promotion of progress in the field of intelligent systems and applications.

We are convinced that the participants found the event useful and communications very open. We also hope the attendees enjoyed the charm of Barcelona, Spain.

INTELLI 2016 Chairs:

INTELLI Advisory Committee

Michael Negnevitsky, University of Tasmania, Australia

Roy George, Clark Atlanta University, USA

Pradeep Atrey, University of Winnipeg, Canada

Jerzy Grzymala-Busse, University of Kansas, USA

Daniël Telgen, HU University of Applied Sciences Utrecht, The Netherlands

Zoi Christoforou, Ecole des Ponts-ParisTech, France

Jiho Kim, Chung-Ang University, Korea
Ingo Schwab, Karlsruhe University of Applied Sciences, Germany
Firas B. Ismail Alnaimi, Universiti Tenaga Nasional, Malaysia
Giuseppe Salvo, Università degli studi di Palermo, Italy
Nittaya Kerdprasop, Suranaree University of Technology, Thailand
Susana Vieira, IDMEC/LAETA, Instituto Superior Técnico, Technical University of Lisbon, Portugal

INTELLI Industry/Research Chairs

Matjaž Gams, Jožef Stefan Institute - Ljubljana, Slovenia
Haowei Liu, INTEL Corporation, USA
Michael Affenzeller, HeuristicLab, Austria
Paolo Spagnolo, Italian National Research Council, Italy
Pieter Mosterman, MathWorks, Inc. - Natick, USA
Paul Barom Jeon, Samsung Electronics, Korea
Kiyoshi Nitta, Yahoo Japan Research, Japan
Wolfgang Beer, Software Competence Center Hagenberg GmbH, Austria
András Föhrhéc, Multilogic Ltd., Hungary
Pierre-Yves Dumas, THALES, France

INTELLI Publicity Chairs

Frederick Ackers, Towson University, USA
Stephan Puls, Karlsruhe Institute of Technology, Germany
Paulo Couto, GECAD - ISEP, Portugal
Yuichi Kawai, Hosei University, Japan

InManEnt Co-Chairs

Ingo Schwab, University of Applied Sciences Karlsruhe, Germany
Gil Gonçalves, Faculty of Engineering, University of Porto, Portugal
Juha Röning, University of Oulo, Finland
