

# SMART 2022

## Forward

The Eleventh International Conference on Smart Cities, Systems, Devices and Technologies (SMART 2022), held between June 26<sup>th</sup> and June 30<sup>th</sup>, 2022, continued a series of events covering tendencies towards future smart cities, specialized technologies and devices, environmental sensing, energy optimization, pollution control and socio-cultural aspects.

Digital societies take rapid developments toward smart environments. More and more social services are digitally available to citizens. The concept of 'smart cities' including all devices, services, technologies and applications associated with the concept sees a large adoption. Ubiquity and mobility added new dimensions to smart environments. Adoption of smartphones and digital finder maps and increasing budgets for technical support of services to citizens, settled a new behavioral paradigm of city inhabitants.

We take here the opportunity to warmly thank all the members of the SMART 2022 technical program committee, as well as all the reviewers. The creation of such a high-quality conference program would not have been possible without their involvement. We also kindly thank all the authors who dedicated much of their time and effort to contribute to SMART 2022. We truly believe that, thanks to all these efforts, the final conference program consisted of top-quality contributions. We also thank the members of the SMART 2022 organizing committee for their help in handling the logistics of this event.

We hope that SMART 2022 was a successful international forum for the exchange of ideas and results between academia and industry and for the promotion of progress in the field of Smart Cities, Systems, Devices and Technologies.

### **SMART 2022 Chairs**

#### **SMART 2022 Steering Committee**

Lasse Berntzen, University of South-Eastern Norway, Norway  
Young-Joo Suh, POSTECH, Korea

#### **SMART 2022 Publicity Chairs**

José Miguel Jiménez, Universitat Politècnica de València (UPV), Spain  
Laura Garcia, Universitat Politècnica de València (UPV), Spain
